Representing manufacturers of quality equipment for the electrical industry for over sixty years

Manufacturers

AWG	Transmission & Distribution Cable, LV Cable, Armored, Control, & Fiber Cable, Grounding Static and Guy Wire
Basler Electric	Protective Relays, Generator/Synchronous Motor Protection, Excitation and Voltage Regulation System Protection
Carte	Network, Submersible, Three Phase Power and Padmount Transformers
Concentric/MESA	Lead Acid Batteries, Chargers, Mobile Battery Trailers, & Battery Monitoring
Delta-X	Transformer Oil Analyst (TOA) manages and interprets your high-voltage transformer insulating fluid data
DILO	SF6 Gas Test & Maintenance Equipment
Dynamic Ratings Inc.	Asset Health Monitoring, Control and Communications (Transformers, Bushings, Bus Duct, & Breaker Monitoring)
Electro Industries (EIG)	Power Quality Metering & Data Collection Software
GE Grid Solutions	Instrument Transformers, Circuit Breakers, Reactors, & GIS.
KVA	Relay Panels, Metal and Pre-Cast Control Buildings
MICA Steel Works	Steel Transmission Poles, Lattice Towers, & Substation H-Frames
PASCOR (Pacific Air Switch Corp.) PASCOR Atlantic (formerly ABB)	MV & HV Substation Air Break Switches & Motor Operators
Powercon Corporation	MV Metal Clad & Metal Enclosed Switchgear, Load Break Switches, Bus Duct, and Related Field Services
Prolec GE Waukesha	Power Transformers & Reactors, Transformer Services & Repairs, Load Tap Changer Components, & Training.
Systems with Intelligence (SWI)	Thermal Monitoring and Visual Imaging for Electrical Assets in Substations
TMC USA	Medium to Low Voltage Dry Type Transformers
VAISALA	Comprehensive Multi-Gas DGA Monitoring for Power Transformers
